## UPS AND DOWNS ELEVATOR NEWS

Planning continues to move forward on the construction of our parish elevator and accessible restrooms. Over the next month, the engineers and architects working on our project from Baxter Ingui Architects, P.C. will begin to do probes in order to see the current configuration of the floor beams and joists in the area where the elevator will be constructed. This means that a portion of the church vestibule ceiling and Cabrin Hall ceiling will have to be opened up and then re-plastered in order to plan properly for eventual installation of an elevator shaft. Thank you to those who continue to fulfill the pledges they have made to Generations of Faith and this project.

## WHAT IS A DEANERY? WHAT IS A DEAN?

Deaneries are similar to clusters in many ways, but the hope of Bishop DiMarzio is that the Deaneries might be able to serve the local parishes and the diocese in additional ways that the clusters could not. The single biggest difference between a deanery and a cluster is the Dean. A Dean is a priest from the local area, appointed by the Bishop, to serve as the Bishop's representative in that local area (deanery). The Bishop has created 22 deaneries and has appointed 22 deans. The Dean is responsible for looking with a wide vision at the situation of the entire region and encouraging other parish leaders to look at the wider region as well. The Diocese has just gone through a reconfiguration process that attempted to identify and address many temporal and pastoral concerns. The dean will continue to monitor such situations and work with the other pastors and parish leaders to keep the plans on course. The Dean will still be responsible for calling together parish staff and clergy to work together on a deanery level to share pastoral plans, dialogue about changes in the wider neighborhood and propose plans to increase our collaboration with one another. In addition, the Dean is asked to support the priests in the deanery. This includes being attentive to clergy who may be ill or elderly, but may also include the spiritual support of all clergy. With the recent parish mergers come more complex assignments for pastors. Couple this with the decrease in the number of priests in general and the need for a local Dean to support priests in their assignments becomes more apparent and more urgent. The Dean will also meet directly with Bishop DiMarzio, both individually and as a group, to share with the Bishop the situation on the local level and to assist him in serving the parishes more effectively. Also, there remains a Vicar for Brooklyn and a Vicar for Queens, who are priests assigned by the Bishop to oversee the administration of the Church across entire boroughs. The Deans will work closely with the Vicars to implement plans to strengthen the Church and ensure that all priests are supported, parish staffs work together and the laity are continually informed and called into greater leadership and participation.

Dear Parish Family,

The Gospel today is most challenging. It challenges all levels of self righteousness and states the preference of God as being those who are in need of mercy. In the Gospel today we have the parable of the Tax collector and the Pharisee. Parables are stories told by Jesus to illustrate an important theological point. Usually parables have a surprise ending. The ending you expect is usually not what happens.

The parable contrasts the religious life of a Pharisee with that of the Tax Collector. The Pharisees were regarded as very religious by themselves and their contemporaries. They kept all the religious laws, they dressed in distinctive clothing marking themselves out as religious. They held themselves to be more correct in their ritual observances. They called God by the title of "Father." They looked forward to the arrival of the Kingdom of God, they believed in all the books of the bible and even believed in sacred tradition which was either passed on in the writings of the Fathers of the community, although not biblical. They kept fast days, gave to the poor and leaders of the Pharisees gathered to themselves disciples to whom they taught their interpretation of Judaism. For the most part, they preserved the faith of Israel through the persecution of the Greeks and Persians. They were good people, however, many made a mistake. They believed that God owed them for their faithfulness. Many held others who were not part of their movement in contempt. From the Talmud we know that there existed in ancient Israel at least, seven types of Pharisees. Among these Pharisees we know some: Paul, Nicodemus, Joseph of Arimethia.

The Tax Collectors were the most hated not because they collected taxes, but because they collected taxes for the Roman Empire. It was this empire which held the people of Israel in subjection. In short, the Tax Collector was a fellow Jew who took taxes from his own people for a pagan nation. The Tax Collector represents all that the more religious found morally objectionable. If the Pharisee was seen as the most religious, the Tax Collector was seen as one of the most sinful.

Notice who the hero of the story is today. It is the Tax Collector. The Tax Collector is honest. He is a sinner, needs God's help. He knows it and admits his need for mercy. The Tax Collector is not proud but honestly humble. His prayer is God centered. He comes before God with no righteous acts so as to have any claim on God. He prays for mercy. The Pharisee's prayer is filled with the pronoun I. He sees himself as better than the Tax Collector. His attitude is that God owes him something for his faithfulness. What the Pharisee forgot was that without God he could never have done the good that he had done. He forgot that even the desire to pray, to do good deeds are inspired by God in us. In short, no one can put God in one's debt. All are in need of mercy, before God we all stand as beggars.

**OPENING OF THE MASS BOOK**  
**FOR THE FIRST SIX MONTHS OF 2017**  
**JANUARY THROUGH JUNE**

The Mass Book for the first six months of 2017, January through June, will open on Saturday, October 29th from 9:00 AM to 1:00 PM in the Rectory Hall. Everyone is asked to kindly abide by and respect the process. Numbers given outside **WILL NOT** be honored!! You will be assigned a number as you enter the Rectory Hall. You must come in person, unfortunately telephone requests cannot be taken. **If you re obtaining intentions for others, these masses will be included as part of your allowance.**

As you know, there are only 52 Saturdays and Sundays a year and the request for Saturday/Sunday Masses, exceeds the number of Saturday/Sunday Masses. Every individual may request **ONE** Saturday/Sunday Mass and two weekday masses at the opening of the Mass book. After the book has been opened **ONE WEEK**, if one wishes to come to the Rectory to request additional intentions, they are most welcome to do so. This means: suppose Mr. and Mrs. X come to request mass intentions, Mr. X may request three intentions **ONE** of which can be on a Saturday/Sunday and two of which will be on weekdays. Mrs. X can do the same. She too can have three mass intentions. **ONE** for Saturday/Sunday and two for weekdays. Thus the couple can have a total of six mass intentions at the opening of the book. It is hoped that all of us will exercise charity and compassion for others who, like oneself, may wish to request mass intentions for loved ones. It would be uncharitable for a family to circumvent our policy by staging five or six people requesting a mass on Saturday/Sunday for the same intention, thus excluding others.

While we all have days and times which we may want, that day and time may not be available, thus we will need to have alternate days and times. Let us remember that the focus of our Mass intentions is for the one for whom we are praying, not for the one requesting the mass. It helps when we are able to get the time and day we need to be charitable and considerate of others whose intentions are as important as our own. We must also remember that none of us is entitled to a time and day. All requests will be answered to the best of our ability. Masses being too early or too late or not on the day we requested is not a reason for not requesting a mass. Let us remember the focus of our request.

Keeping in mind the focus of our request, we call your attention to the following:

- The requestors name (the one making the intention for the Mass) need not be printed in our bulletin or announced from the pulpit. When the mass intention is booked, we will take the requestor's name for our records, but this need not be printed in our bulletin or announced from the pulpit. This is an option you can partake of however, it is not necessary. Remember, the focus is on the person or intention of the Mass, not the requesting party.
- Oftentimes we wish to remember the occasion of a birthday, anniversary, years since passing, etc. as well as a nickname for the person the mass intention is for. This information is not needed and should not be part of the Mass intention, therefore, only the baptismal name of the person for whom the mass intention is requested is needed. We need not know your personal reasons for your mass request.

What does it mean to request a mass be offered for our loved ones or in thanksgiving for a particular intention? Requesting a mass means that the community pray in a particular way for someone or an intention at the community mass. The church prays for all the dead and all the living at every mass, every day in every Church throughout the world. When you make a mass intention, you are asking the local community to pray in a particular way for someone who is prayed for everyday universally. The mass belongs to everyone.. The mass is our universal prayer. The celebration of the Eucharist makes the Passion, Death and Resurrection present to us sacramentally every day. Our faith tells us that this sacrifice is of benefit to the living as well as to the dead.
